The Engineering Career Awareness Program

2012 CASE Circle of Excellence Awards Program

The CASE Circle of Excellence Awards Program annually honors those institutions and professionals who excel in the areas of advancement programs and educational communications. Such achievements contribute to the furthering of educational goals and bring credit to our profession. Your accomplishments in creative planning, production and promotion of programs mark the accolades and admiration of your peers. It is with great pride that the Council for Advancement and Support of Education recognizes your achievements with this

GRAND GOLD AWARD
for

Engineering Career Awareness Programs
